

The broken & vulnerable need most...
for **you** to reflect Christ.

Empowering everyday God-hearted people to *spot vulnerable, bypassed and needy people in your existing sphere of influence and walk alongside them* for as long as needed.

Alongsiders is about exploring positive ways to build practical and loving relationships, investing in people's lives. It's about becoming more than a friend but less than a social worker.

A highly sought after speaker in NZ & Aus, Mick Duncan and his wife have served in many churches and the slums of Manila. Their passion is to see followers of Jesus become people that walk alongside those who stand alone.
