## Prayer letter: November 2010

### Let your Kingdom come

---

Beth Barnett: Children & Families Facilitator

**Thanksgiving:** for the way in which God brings people across our path, for the positions of influence he places us in, whether formalised and recognised or purely consequential and serendipitous. Praise God for all of the encounters which shape our lives, and in turn the lives we shape.

**Confession:** "If your kingdom is here, we do not see it in its fullness, and if it is not here we do not desire it in its fullness. Forgive our short vision and flagging desire, and renew them both in the cry of Faith 'Let Your Kingdom Come!'

**Pray** for ministry and outreach beyond our own neighbourhoods. Pray for beach mission teams, being formed, being trained, being challenged in the task of incarnating the gospel in words, actions and relationships across the state.

**Pray** for CRE end of year service preparations; for growing trust and openness between CRE teams and local school administration, staff and parents.

**Pray** for leadership teams considering planning and programs for 2011; for wisdom, ears open to the prompting of the Spirit, and eyes lifted to the vision of the Kingdom on the horizon.

### And how shall I pray for you?
