POLICE RECORD CHECK:

Please Note: The BUV recommends churches sight Police Record Checks for all pastoral staff, leaders and volunteers working with finances, children, and vulnerable people on an annual basis.

- Is your Police Check Register up to date?
- Have all volunteers and staff obtained a Police Record Check in the last 12 months?
- Have volunteers or staff who have not obtained a Police Record Check in the last 12 months completed new applications and submitted them for approval?

WORKING WITH CHILDREN CHECK:

Please Note: It is now LAW that ALL pastoral staff, leaders and volunteers working with children (under 18) MUST have a current Working With Children Card PRIOR to participating in any kind of children's ministry or supervision.

- Do all pastoral staff, leaders and volunteers who are working with children have a current Working With Children Card? (This must be checked prior to commencement and annually thereafter).
- Is your Working With Children Check Register up to date?
- Does your church have a written policy on what procedure will be followed if someone with a WWC Card is issued with an Interim Negative Notice and/or a Negative Notice?

- [] Remove filter frames, clean & wash distribution header & filter media.
- [] Ensure that filter media is evenly & loosely packed.
- [] Turn off power at isolation switches, then check & lubricate as necessary, all fans, motors, bearings etc.
- [] Check the belt drive & pulleys for wear, tension, alignment & adjust if necessary. Examine other parts generally for signs of wear, looseness noise or misalignment, check particularly anti-vibration mounting, flexible connections, pump connections and bearings. Remove drain plugs, flush and clean the reservoir trays and drains, replace drain plugs, turn on all isolating switches, refill & check water level and operation of pumps, ball float valves and bleed off rates; adjust as necessary. Re-install filter frames and ensure filter media is evenly distributed and correctly wetted in operation. Check all controls for proper operation. Leave entire area clean & free from all extraneous materials. Check for corrosion with particular attention to all internal areas and to filter frames. Advise corrosion inhibitor or tar epoxy should be applied.

For smoke detectors in churches:

1. Replace battery in smoke detector annually
2. Test operation
3. Replace entire unit if faulty

Churches may wish to do monthly testing of each detector as per the Melbourne Fire Brigades recommendation for smoke detectors in homes. The MFB's campaign at the end of daylight saving each year reminds people to "Change your clock, change your smoke alarm battery".

The MFB also recommends the following testing & cleaning schedule:

- Monthly: Test by pressing the test button with a broom handle
- Yearly: Vacuum around your smoke alarm vents
- Yearly: Replace your 9 volt battery each year at the end of daylight saving

For further information please contact the MFB Community Education Department on (03) 9665 4464 or commed@mf.vic.gov.au or go to www.mfb.vic.gov.au
