

Call Your Senator End the Aid Cuts.

Script for Phone Call:

Hello, my name is [name]. I am calling to express my anger and disappointment at the Government's recent aid cuts. [Express reason here, choose one from list below.]

- I think a wealthy country like Australia, can and should be better than this.
- I don't think the Government should be balancing its books on the backs of the world's poorest people.
- These cuts will harm poverty reduction efforts in our region and will damage Australia's influence internationally.
- Australian aid saves many lives, helps tackle infectious diseases and helps communities overcome barriers to their own development. The cuts will undermine this good work.

I would like [the Senator/name of MP] to oppose any further cuts to the aid program, and I would appreciate it if you would pass on my concerns.

Thank you.
