

newpeninsula
baptist church

New Peninsula Baptist Church (NPBC) are a growing church of five congregations across two campuses (Mount Martha and Rosebud). We are located on the beautiful Mornington Peninsula, southeast of Melbourne in Victoria, Australia.

An opportunity has arisen to plant a sixth church congregation nearby at a new location in Tyabb. We are seeking expressions of interest from potential church planters and are anticipating employing our Tyabb church planter/s 6 months prior to the actual Tyabb church launch.

Prospective candidates will be people who are self-starters, who can build teams, who communicate well in both one on one and platform situations and who have the heart and skill to connect deeply with those in the local community who are not yet following Jesus or part of church life.

NPBC is a church that takes Jesus' mandate to 'make disciples' in Matt 28:18-20 seriously. We place value on:

- Vibrant and sustained prayer.
- Sharing the hope we have found in Jesus.
- Local and contextualised responses to needs.
- A multiplication disciple making ethos.
- Calculated risk taking and innovation.

As an initial step in the discernment journey, we are seeking your expression of interest. In one page or less you are invited to tell us a bit about yourself, your ministry formation experiences so far, and why you think you might be suited to help lead our church in this next phase of growth.

Please submit expressions of interest to christina@newpeninsula.com.au.
